Augusta Stevenson was a writer of children's books and a teacher. She wrote several Childhood of Famous Americans titles, including books about George Washington, Abraham Lincoln, Paul Revere, Sitting Bull, Benjamin Franklin, and Molly Pitcher.

So far I've liked most of the books in this series.

Looked like a nice book, too bad the shipper sent us a defective copy where pages 11-32 were in the front of the book AND the back of the book, so we never got to see the last 20 pages...so returned the product!

We homeschool, and reading is an important part of our family culture. We were thrilled at how our child loved this book, he couldn't put it down. He is 8 years old, and asked me to order other books in this series. I am very happy to hear that :)

Grandson loved this book, he is 7.

Love this whole series of biographies for kids!

Very Happy with purchase

This series of books has proven to be great for my dyslexic son to use as read alouds. He loves the action and adventure and continues to grow in confidence with his reading.

Everything was good, as advertised.
