# Frommer's Sicily (Frommer's Complete Guides)

## Synopsis

Frommer's Sicily gives you the complete overview of insider knowledge on where and what to visit in this historically and culturally rich Italian island. Packed with detailed, opinionated and honest reviews, this guide gives you the lowdown on what's worth your time and what's not, providing extensive listings of accommodation, attractions and restaurants around Sicily's cities and towns whatever your budget. The destination is broken down by thoughtful chapter sections with itineraries and accompanying maps to help you to plan your way while you stay, according to your timeframe. Discover fascinating historical ruins and cathedrals; enjoy the best Italian cuisine; take a side trip to the coast, Mt. Etna or the volcanic island of Ustica. Amongst all of these you'll find the latest trip-planning advice and money-saving tips and a directory of useful contacts to ensure you make the most of your stay in the largest and most fascinating island in the Mediterranean. Take a look inside. About Complete Guides: The Frommer's Complete guides give travellers the comprehensive overview of destinations, detailing the vast variety of choices and need-to-know local information in cities and countries, without glossing over any of the details. Entire regions, neighbourhoods and more are broken down by thoughtful itineraries to give detailed guides to each, with full accompanying reviews and prices listed throughout. These guides are packed full of up-to-date advice and tips on what's new in the location and how to plan your trip according in every aspect of your time there; vocabulary lists also exist where you might need a few key phrases and menu terms. Complete guides give you the respective A to Z, helping you to find the places to stay, eat, shop and explore that are best suited for you wherever you are or are planning to go.

## Customer Reviews

Head to Cefal 's beach or walk through narrow medieval streets to the magnificent cathedral. See chapter 6. Detailed maps throughout Exact prices, directions, opening hours, and other practical information Candid reviews of hotels and restaurants, plus sights, shopping, and nightlife Itineraries, walking tours, and trip-planning ideas Insider tips from local expert authors

The book is very basic and mostly for someone who has never been and not looking to explore a lot of the areas . If you are looking for a more in depth review of the island this is not the book in fact at times a found it missing many towns that are not very small and worth seeingI still would like to find a good travel guide to Sicily

generally a good book with useful information but it could have had more detail. used the book to pick hotels to stay in. hotel in argiento was beautiful and very recently renovated. the book gave it a so so review

We travelled throughout Sicily and found this to be quite valuable. It provided many good lodging and restaurant suggestions. My only criticism is that it isn't as thorough at providing good walking and tour information. Still, I wouldn't leave home without it.

Although I have traveled throughout Sicily before, I purchased this book in hopes I could get a deeper insight to the beautiful little Island. This book and the Frommers name did not disappoint. Lots of detailed facts and great suggestions on things to see and do.

The author seems to have a real passion for Sicily. I had some interest in visiting Sicily before reading this book but after reading this book, I am definitely going to Sicily on my next trip.

The Frommers guidebook is excellent. When you read on - please bear in mind that i bought the Kindle version. Kindle has the big pro, that it doesnt weigh more to bring more books. So - it was always handy and with us. The big drawback of course, is that the Kindle is really not designed to be used with reference books. It is hard to find your way in the book on a kindle, and illustrations just are not the same. As a guide book, we found the information to be both detailed and accurate. We especially made frequent use of the recommendations for food and hotels, and they were always a success. So - would i make this choice again? I probably would, but the paper version

gives more value for your money.

I purchased this Frommer's country guide to help prepare me for my first trip to Sicily. I wide in scope and just what I wanted.

A good, first-hand knowledgeable guidebook is essential reading to anyone who wishes to maximize his time traveling in this beautiful island.
