I love using Knopf guides when I travel. They seem to be written by people who are truly interested in the place they are writing about rather than a person who was hired to do a job they are indifferent about. Lots of details that allow me to have a wonderful trip. I haven't been to the Loire yet but this guide is beautiful.

my sister, good . I'm very pleased with this product. It was affordable, and it cuts great. I was replacing an extremely dull chef's product that I couldn't seem to get sharp. This product has been a welcome change. very fast, receive it next day. will purchase again.

This is a digest. Knopf is Gallimard correspondent in USA. Gallimard published various guides-books in french about Loire Valley. This area is so much filled with castles and magnificent landscapes that one book was not enough. Knopf US edition for this digest is quite a good choice for those who want to get more than the plain Michelin Green Guide. Castles drawings are just extraordinary. They built Gallimard reputation for guide-books. Don't forget to buy Arthur Frommer's, Lonely Planet or Michelin Red Guide if you don't know yet where to stay. Knopf guide to the Loire Valley will not be very useful in that matter.
