Customer Reviews

When this book arrived at my house, I thought I had possibly been ripped off, because it was so

tiny! 40 pages didn't seem like enough! But I read it in 30 minutes and was absolutely blown away by it! Such complex ideas provided by other "law of attraction" kinds of books, but this was so short and simple, and her instructions are spot on. I enjoyed reading it and would recommend to anyone interested in how to manifest quickly and accurately. I don't think there's a more clear book out there, especially such a short one. Worth every cent!

Superb treatment of the thorny issues related to why people don't seem to achieve the things, situations, or individual relationships they believe they deserve. As Ms. West elegantly points out, you need to begin with your core belief system mechanics. A "how to" label for this book to doesn't do this treatise justice; but, that is just what it is -- a "how to" guide to manifest changes in your life. "How to" with a soulful approach to re-tuning your habits to maximize your time in pursuing your dreams and goals. I would have gladly paid \$99.99 for this information. I hope to see many more books of this caliber from Linda West. Bravo.

I love the way the author clarifies terms.....have always heard we should raise our vibrations and she is the first author to really explain what this means and how to do it. This whole book makes you happy.

Lester Levenson taught this , but did not lay it out in a systematic way like Linda West. Levenson's teachings brought us the ultimate truth, and now Linda West has opened up a very practical way to manifest our desires. Get this book and her teachings along with Lester's insights on truth and test it out for yourself. You will have the proof.

Finally, a Real, Tangible way, to put yourself into "grateful", Thankful mode! what a great read! I'm just thrilled with this book! I'm already seeing results! in less than 24 hours. my dreams are coming true! WOW WHAT FEELINGS OF JOY!!!! Superb!!!! thank you, THANK YOU! :)!!!

Good short to the point read and easy to understand. Feel ready to manifest. Would highly recommend to a friend

I truly am filled with gratitude for this author and the simple, clear and concise way she communicates these powerful concepts. I've read many books on this topic but this is so joyous and yet practical. Thank you for your gift to humanity.

I swear there's a new movement going around that seeks to clearly delineate spiritual verbiage into common everyday language. This book is one of those! If you've ever been confused about LOA, this is the book to get!
