Customer Reviews

This is the complete vocal score for Into The Woods, perfectly bound and printed -- great for rehearsals or accompanying a soloist with the original arrangement of the score, not the simplified vocal selections.

This is the complete vocal score, minus some dialogue, but that is easily remedied with the libretto that is also available on .com. I compared a few of the songs to audition material i had left over, and they match up on the staff perfectly. I highly recommend it for any theater company that wants to peruse it before deciding whether or not to do it.

Very complete arrangements of the entire score. However, it does not contain the full libretto, which would need to be purchased separately. The binding is good on the book, but difficult to play. Would recommend that they release a spiral version of the score or to rebind it yourself.

Has ALL the music in it. My son takes voice lessons and enjoys singing the songs even though some of them are tough,

Exactly what we expected. I agree with the other reviewer that it should be rebound in a spiral if you're going to use it on piano. But it just what we wanted

Minor tear in the cover was NOTHING. Worth every penny.

This was just what I was looking for and it is very helpful if you want to learn the music.

exactly what I needed
