Customer Reviews

Not sure about the accuracy of books within, but I wanted them, and got most of what I wanted, I should have read the description better. The rest I got from this book, which I also wanted. Nag Hammadi Scriptures

Easy to read. What I don't like, is that there are some words that are wrong.

A much needed addition to my collection of scriptural research and writings.

i bought this book because all of the other Apocryphile Press books are awesome. there are to many books inside to list. it has 594 pages. the Apocryphile Press series contains all of the books of the apocrypha you would ever want. if you get the new testament apocrypha, the apocrypha vol.1 (red book) and pseudepigrapha vol.2 (light blue book). you will have them all except the book of jasher. UPDATED 06-14-2009 here is the listing of the contents, some titles are only 1-3 pages. the gospel according to the hebrews the gospel of ebionites the gospel according to the egyptian the gospel of phillip the gospel of traditions of matthias the gospel of peter the gospel of thomas the preaching of peter the birth of mary the lesser question of mary the accents of james and other lost books the memoria of the apostles the gelsian decree list of the 66 books the stichometry of nicephorus the sunopsis of pseudo-athanasius the fayoum gospel fragment fragment of another gospel the strasburg papyrus fragment preserved with the pistis sophia fragment preserved with the acts of paul
