Eagle And Empire: The Clash Of Eagles Trilogy Book III

Synopsis

The award-winning author of *Clash of Eagles* and *Eagle in Exile* concludes his masterly alternate-history saga of the Roman invasion of North America in this stunning novel. Roman Praetor Gaius Marcellinus came to North America as a conqueror, but after meeting with defeat at the hands of the city-state of Cahokia, he has had to forge a new destiny in this strange land. In the decade since his arrival, he has managed to broker an unstable peace between the invading Romans and a loose affiliation of Native American tribes known as the League. But invaders from the west will shatter that peace and plunge the continent into war: The Mongol Horde has arrived and they are taking no prisoners. As the Mongol cavalry advances across the Great Plains leaving destruction in its path, Marcellinus and his Cahokian friends must summon allies both great and small in preparation for a final showdown. Alliances will shift, foes will rise, and friends will fall as Alan Smale brings us ever closer to the dramatic final battle for the future of the North American continent.

Praise for *Eagle and Empire* – “Smale delivers in spades . . . the best of the trilogy. Highly recommended.” – *Historical Novels Review*

“The pace . . . is breathless and the action relentless. . . . A satisfying culmination to the adventures of a Roman warrior in the New World.” – *Kirkus Reviews*

“The final volume of Smale’s *Clash of Eagles* trilogy is relentless, with characters and readers hardly getting a breath before the next threat comes crashing down. . . . Smale’s hard-hitting and satisfying conclusion will be a must for his readers, as the trilogy will be for any fan of alternate history.” – *Publishers Weekly* (starred review)

“[*Eagle and Empire*] had awesome worldbuilding, worthy and interesting characters, and a great plot. . . . Altogether, a very satisfying journey.” – *The Nameless Zine*

Customer Reviews

Enjoyable read, pretty well written with interesting protagonists. You need to suspend credulity for some aspects (which would be plot spoilers so I won't list them) but not horribly so. Biggest criticism might be that (as in the previous books) the antagonists are pretty much paper cutouts. Interesting how that changes when they become protagonists (again would involve spoilers).

Great end to the series. Well worth the wait. The action was great, the political drama aspect was just as intense and well thought out.

A great three book series.

What if Native Americans could fly? What if Time came to this continent? What if the Mongols came here too? A fascinating story.

Love the story.

good read

Great alternate history based on factual items, places and North American geography. Very believable. Recommend reading the entire three-volume set

Excellent trilogy. In the the top three I have ever read. Keeps your interest. New ideas, much action.
