# Intriguing The Viscount: Sweet And Clean Regency Romance (His Majesty's Hounds Book 2)

## Synopsis

A scandal, a spy, a charming Viscount, a shy and beautiful Lady, a conspiracy with a dramatic conclusion.\*\*\* FREE ON KINDLE UNLIMITED\*\*Charlton Edgeworth, Viscount Pendholm, returned from war to discover that his late brother had left him an inheritance of scandal. In the midst of dealing with that, he is called upon to serve his country further, undercover, to thwart a conspiracy instigated by a French spy. Between scandal and spying, there are days when he feels as if the war isn't over....Lady Odette Marmont, beautiful daughter of a French aristocrat and an English Lady, has been raised by her aunt since her mother's death, and would prefer a book in a quiet library to a society Ball. But her aunt insists that, at 22, it is time she married, so, although disturbed by how changed her father is, since he returned from France, she steels herself to brave the Season. But Lady Odette's father has attitudes and interests which bring him into conflict with everything that Charlton and his friends hold dear - and Lady Odette is caught in the middle. Can Charlton and Odette find a way to explore their growing attraction, or will the tangle of scandal and treason tear them apart?

## Customer Reviews

I received a pre release copy of this book - this is my honest review.I really enjoyed this book. It started off a little slow for me, but that's probably because I haven't yet read the first one in the series.I love Odette's innocence, and her blind faith in her father, though unwarranted. Charleton was my favorite character, such an honorable man. Having to come home from war only to have to clean up his horrible brother's messes, always being there for his mother, his sister, and ready to step in to help someone in need.This is the first book I've read by Arietta Richmond, but it certainly won't be the last! I am a huge fan of historical fiction, and will definitely be catching up on her work so I can be ready for her next book!!

Such a fabulous book. Charlton was a wonderful hero. He returned from the war and immediately had to begin cleaning up the mess his now deceased brother had made of things. He was a true gentleman, inside and out. His nightly conversations with his mother really endeared me to him.Odette was such a sweet, trusting and innocent heroine. She was smart, beautiful and not as interested in marriage as those around her.Her trust in others almost ruins a budding relationship.The primary characters in this book are marvelous, but so are the secondary characters. There are so many more stories to be told.While it is not necessary to read the first book in this series to enjoy this one, it helps introduce many of the characters.I highly recommend this book as well as all others by Arietta Richmond, who is one of my favorite authors.

This story is a good one about the Viscount and his mother trying to find the victims of his depraved brothers attention at the same time he's trying to get close to the Compte who is running a treasonous group wanting to return Napoleon to power.It's unusual for families to care about the servants who were molested by a family member and became pregnant. Typically they would be sent off and forgotten. In this case the mother buys homes for the safety of these women who have her grandchild. Unusual and it demonstrates how different the times are from then to now.Well written story with perfect dialogue and a pleasure to continue reading about these Hounds of His Majesty.

Night and day better than the first. In fact, there's really no reason to even read the first of the

series. It doesn't provide any background or necessary information. However this second one was a vast improvement in story telling, use of dialogue and character development. The plot was easy to predict and the spy aspect wasn't fully flushed out. Also, I had a real problem with exactly how the proposal went down. However, with all that said, I give it 3 stars, look forward to the next, since I figure this author is only improving and has great potential.

This second book in His Majesty's Hounds series is AWESOME! It has true heroes and true villains set in a world of mystery, danger, and espionage. The author does a great job of creating charming characters that pull the reader quickly into their story. Charlton's mother is quite a gem and they share a special friendship. Charlton is such a caring, noble and honorable man! As he works to undo the wrongs of his brother, society falsely judges him to be evil like his brother. Odette is a witty and smart lady who finds herself caught between her heart and her desire to obey her father. This is a sweet love story that is hard to put down. I am so looking forward to the next book in this series!

The hounds are a 6 man team of specialists that work for the crown. Lord Charlton Edgeworth, Viscount Pendholm is one and has returned after 4 years fighting in France. At a ball he meets Lady Odette Marmont. This lovely story has a bit of intrigue, some action and lots of heart. I am missing a lot of sleep because of this author. Once I start one of her books, I have to know what is going to happen next. Her stories are easy to read and I so enjoy her work. I believe you will enjoy this one also.

Seriously, pls make me understand why this novel can't rank over 2 stars? She can write, have a good plot and her characters are lovely, but... why on earth she can't take advantage of all that and create a very good book, WHY?! I was disappointed because I couldn't see the love story at all, give me a break not even a kiss or a good dialogue between the MCs. Dear author : you have the talent, brain and the inspiration pls don't be mediocre with the love scenes of your characters, PLSSSSSS.

Charlton was one of His Majesty's Hounds, which was a very elite group of gifted military men. Odette's father was from France, and was developing a group of French sympathizers to cause trouble in London. Charlton and Odette faced huge odds against developing a relationship. This is a very sweet and delightful romance, requiring a dramatic showdown to finally cause them to recognize their feelings. Ms. Richmond has once again given us

a lovely, romantic story. Very highly recommended.
