Oedipus Rex

Synopsis

To make Oedipus Rex more accessible for the modern reader, the Prestwick House Literary Touchstone Classics edition includes a glossary of the story's more difficult words, as well as convenient sidebar notes to help the reader with confusing or challenging portions of the text. These handy aids will help the reader more fully enjoy the beauty of the verse, the wisdom of the insights, and the impact of the drama. Sophocles' Oedipus Rex has never been surpassed for the raw and terrible power with which its hero struggles to answer the eternal question, "Who am I?" The play, a story of a king who acting entirely in ignorance kills his father and marries his mother, unfolds with shattering power; we are helplessly carried along with Oedipus towards the final, horrific truth. This vibrant new translation invites its readers to lose themselves in the unfolding of this tragic tale as suspenseful as a detective mystery, yet with an outcome long ago determined by Fate. --This text refers to the Paperback edition.

Customer Reviews

Great book to read in college. The pace was steady, maybe even fast, but the plot can be a bit confusing at times. Overall, it was a good buy based on quality and it arrived on time.

Gonna read it again so nice

Everything from the product about this edition led me to believe I was ordering the Duddly Fitts --Robert Fitzgerald edition of the Oedipus Cycle when it is not. I have no idea who did the translation; the edition has no notes, no supplementary--nothing but this indifferent text of

indeterminate origin. I am unhappy!

I bought this version specifically because of the footnotes to explain terms, give background, etc. But even when you enlarge the size of the basic text the footnotes do not enlarge to a readable size. Even with a magnifying glass they are very difficult to make out.

I bought this book for my 16 year old's English class. It was perfect. Of course, it's a classic and a must read. The book was shipped quickly and in great condition.

EXCELLENT

Not my favorite translation but one of the most popular versions taught on college campuses.

The book was as described. I always seek out good and very good. Very pleased. No issues what so ever.
