Customer Reviews

This was a complete waste of money. Not any useful information, more like stream of consciousness random thoughts. I felt like I was really taken paying for this.

Not a guidebook, just a long essay about her trip.

This book contains 10 pages, and a few lines on page 11. There were so many typos that I found it difficult to get past them. I am planning a trip to Frankfurt and this book has not given me one bit of helpful information. I give it one star, only because I had to give it a star rating - I would have preferred a negative 5 star rating. I have read better material from a middle school student's term paper. PLEASE do not waste your money. I wish I had known.
