Synopsis

Here You Will Find The Best Capsule Wardrobe and Personal Style Guide That Will Make Your Life Better! If you find yourself saying over and over again “I do not have anything to wear!”, then this book has been written specifically for you. You will not need to cancel your plans or be late to work anymore because you could not find an outfit to wear or it took you forever to do that. In this book, we will help you pin point the issues with your wardrobe and give easy solutions for each one of them. You will need to ask yourself questions, like “Does this outfit fit me?”, “Am I comfortable in it?”, “Does it fit my general style?”, and many others to help you get rid of the items that clutter up your space and shop for the right ones, outfits that will make you feel confident and inspired. Moreover, this book will teach you about colors, their meaning and how to combine these colors using a color wheel to create a stunning outfit. You will also learn what color palettes are and how to pick one that is a perfect match for you. A section about silhouettes will help you find out what your body shape is and how to outfit that will bring out all the good qualities of your figure. Also, you will learn all about accessories and how to use them in your wardrobe. Finally, you will learn how to select a wardrobe for each season. In conclusion, with the help of our guidelines and everything you have learned in this book, you will be able to create a capsule wardrobe that will make you look forward to each time you will need to pick an outfit. This book will change the way you see your wardrobe and will help you look amazing, whatever the occasion is. Want to Get the Most Out of Your Wardrobe? Grab your copy now! Customer Reviews

When it comes to clothing and personal style, I think I've tried it all. I've been doing capsule wardrobes and working on editing my closet for the last four years. Walking away from this book I am purging a good chunk of my wardrobe. But now have a clear set of guidelines for building it back up. Thank you for writing this book Leya Daniels.

Well written and helps one to figure out their own best wardrobe, instead of mandating what the author thinks you should have.

Well written. I liked the submission of information. This book helped me decide in my wardrobe. Thanks to the creators and author of the book.

The information was useful. I purchased the Kindle version so I couldn't see the color palettes.

This guide will cover the most basic steps of creating a capsule wardrobe, as well as the benefits of the idea. Items covered will include things that some may prefer to skip, while others will spend a long time pondering how to best go about this, that, or the other. The perfect capsule wardrobe will change from person to person, and no one can tell you otherwise.

I've always had a very messy wardrobe, i used to get mad and frustrated because i couldn't find clothes and struff. Thanks to this book i was able to finally organize my closet and worry less about what I would wear before going out. Thanks for sharing this method!

This is very helpful, Sassy and classy. A sense of style is not about how much money you spend, and this book demonstrates that. There are steps to take and advice to heed based on your own preferences or physical attributes so this is far from a cookie-cutter type of book on a specific style.

It's a born desire for every human to look nice and it's important too to maintain the social activity. And it will be a great dilemma if you face trouble to choose the right dress. This book teaches me everything I need to know about the perfect dress from the fabrics to its fitting with my body shape. Most important part of this book is the color chapter it will totally blow you away I thought I look good in blue but what I find is absolutely amazing !!This is a treasure book for every person who wants go with the trend.
