Customer Reviews

John Langan has taught reading and writing at Atlantic Cape Community College near Atlantic City, New Jersey, for more than twenty-five years. The author of a popular series of college textbooks on both writing and reading, John enjoys the challenge of developing materials that teach skills in an especially clear and lively way. Before teaching, he earned advanced degrees in writing at Rutgers University and in reading at Rowan University. He also spent a year writing fiction that, he says, is now at the back of a drawer waiting to be discovered and acclaimed posthumously. While in school, he supported himself by working as a truck driver, a machinist, a battery assembler, a hospital attendant, and an apple packer. John now lives with his wife, Judith Nadell, near Philadelphia. In addition to his wife and Philly sports teams, his passions include reading and turning on nonreaders to the pleasure and power of books. Through Townsend Press, his educational publishing company, he has developed the nonprofit Townsend Library, a collection of more than a hundred new and classic stories.

This is my first book rental ever online, & I think it's a really great idea to do this since books are way too expensive now and days to just use for one semester & not ever use again. The only issue I came across with the book was that in some pages they are written on.

Book covers were folded, within a few pages of it written in ink. Overall, it was acceptable. a few photos about it. thank you about your book !

Lots of writing in book. Hard to read certain spots because sentences are written over. Was not listed with writing in book. I took pictures of it but it won't let me post them.

I give it 3 stars only because it is complete, but the book it is in really bad shape.

It was exactly the book I needed, but the cover page was torn, which was not mention in the description.

Was as described , I'm mad I can't write in it but it will get me thru the semester !! And fast delivery

Rented this book , and when I got it the edges were all bent . But other then that everything is good

great book! I bought it for my English class. It had everything I needed.
