"Culture Smart! has come to the rescue of hapless travellers." *Sunday Times*

Travel "The perfect introduction to the weird, wonderful and downright odd quirks and customs of various countries." *Global Travel*

I've lived the first half of my life in Bosnia and the second half in the U.S. and I find this small book to be a very good, concise guide to Bosnian culture, customs, and everyday life. If you live outside of

Bosnia and are planning a trip there, or want to understand Bosnian people better, get this book. There are not many pictures and photographs in the book. More photos with captions could have enhanced the content of the book better.

My sister is heading off to Bosnia for a year abroad and I wanted to surprise her with a book to read on culture and customs while she's preparing. However, there were no books to be found solely on Bosnia except for this one! It has greatly exceeded my expectations in the material it has to share, if this is the only good travel book out there, it is definitely a sufficient representation of all the wonders Bosnia has in store for her!

Easy to read! well laid out! I feel as if I can wander about BiH in comfort & not "accidentally" offend. I found some great places to visit, my trip was more complete & enjoyable I felt at ease & was able to utilize the vocabulary provided HIGHLY, HIGHLY recommend.

An accurate and nice to read travel guide. Kept it with me all the time in Sarajevo.

By far the best book on Bosnia I have read. It is up to date (as of Nov 2013), easy to read and highlights the positive while still acknowledging the negative. And it is a pleasant, breezy read.

I found this to be easy to read and informative. Bosnia is a complex place but this little book helps to guide one in how to approach and survive in Bosnia.

This superb small book is very well written and designed for those who hope to move forward, beyond war and terror, but without forgetting. The author is embedded in the culture with a keen eye for detail. She has surfaced the most critical issues and described them succinctly. A great find.

Why do you require so many words in order to submit a review, it seems unnecessary to me. My Bosnian friends enjoyed this too
