101 Questions To Ask Before You Get Engaged

Synopsis

The Perfect Remedy for Cold Feet! More than half of all couples who become engaged this year will never make it to the altar. Why? Leading experts believe it's because couples fail to really get to know their potential mate before getting engaged. Relationship expert and noted couples counselor Norm Wright steers potential brides and grooms through a series of soul-searching questions to discern if they've really met "the One." Couples will be much more confident about whether or not to pursue marriage after completing these in-depth and personal questions. Norm also addresses the delicate subject of calling off the wedding if readers discover that a potential mate isn't actually meant to be a life partner.

Customer Reviews

H. Norman Wright is a well-respected Christian counselor who has helped thousands of people improve their relationships and deal with grief, tragedy, and other concerns. He helps couples bring vibrancy to their relationships through counseling, seminars, and more than 90 books, including *Before You Say "I Do"* and *After You Say "I Do"*. Norm also reveals insights for spiritual growth, great relationships, and success in devotionals that include *Strong to the Core*, *Quiet Times for Every Parent*, and *Truly Devoted: What Dogs Teach Us About Life, Love, and Loyalty*. Norm and his wife, Tess, enjoy their children, grandchildren, various pets, and fishing. www.hnormanwright.com

This book has great questions that should definitely be brought up in a relationship moving towards marriage. My only critique is that it seems it could have been named "60 questions to ask..." As there are many questions that seem to bring up repeat content in your answers. By the time we had made it a little more than halfway through the book we were able to answer many of the questions for each other as they touched on previously discussed content.

Good book with some very straightforward questions that will incite conversations necessary for taking the next steps towards engagement. I'd say, if you can't answer these questions and have these conversations open and honestly, you may want to reconsider engagement/marriage with that person. However! Using this book along with pre-engagement counseling may make those sessions more meaningful and efficient!

My, now wife and I purchased this book when we were engaged...what a blessing! With divorce as prevalent as it is, it is ever-important to make sure that you are asking all the right questions, even the tough ones, before you tie the knot! This book was a great addition to our daily devotional and really helped walk us through many of the burning questions along with many that we never even thought to bring up. I can honestly say, this book helped my wife and I to be better prepared for the marriage road ahead!

I like that this book is no-nonsense and speaks from common sense. I did not realize how conservatively Christian the author is which would be my only reservation in recommending this book. If that isn't your cup of tea, skip over some of those viewpoints and questions because otherwise it can be a valuable tool.

My wife and I answered every question in this book before we got engaged. It is a great hedge against impulsivity. Highly recommend. I also bought for newly engaged relatives.

My boyfriend and I of 2 1/2 years just recently started this book and each question easily turns into a 2-hour discussion packed with great stuff. This is our second "couples book"

The author of this book has written several books that I like but haven't read this one yet as I got it for my granddaughters. I am sure they will get a lot out of it.

This book has great questions that any couple- dating, engaged, or even married- can benefit from. I love learning about my significant other through thoughtful questions like these, and appreciate a Christian/theological perspective as we do so!
