Gold And Silver Needlepoint

Synopsis

From the dust jacket: "Maggie Lane has earned an unrivaled reputation in the needlepoint field for her striking designs. In 'Gold and Silver Needlepoint,' she gives us 12 brand-new designs based on Oriental motifs and art works that are enhanced by the use of either silver or gold metallic thread -- sometimes even both. Gold and silver metallic threads are used in every design -- alone or mixed with cotton or silk floss -- to create visually stunning pieces. Here are designs for 2 evening bags, 7 panels, and 3 scrolls, each project fully graphed and illustrated in color. Color schemes are also detailed for each design, although the needlepointer is free to change any or all colors. Included is information on buying canvas, reading and keying graphs, working with metallic thread, blocking a canvas, finishing a hanging scroll, and mounting a panel, plus stitch diagrams, border design diagrams, and repeat pattern graphs. No matter which project the needlepointer selects from this book, he or she will create a shimmering masterpiece of timeless beauty."

Book Information

Hardcover: 157 pages

Publisher: Scribner; English Language edition (March 1983)

Language: English

ISBN-10: 0684178508

ISBN-13: 978-0684178509

Package Dimensions: 12 x 9.3 x 0.7 inches

Shipping Weight: 2.4 pounds

No matter which project the needlepointer selects from this book, he or she will create a shimmering masterpiece of timeless beauty."

lovely book

I've worked several of Maggie Lane's patterns and my enthusiasm and respect for her is great. She gives clear instructions and you will be pleased the results!

I like having Maggie Lane's books on chinese needlepoint. The only one I didn't have, I just ordere. I think this was my favorite book of hers. More Needlepoint Design is also a very good book. She tried to make them, I think, as copies of actual Chinese neelepoint items. There alot of nice designs in blue. It would be pretty easy to chose your own brand and yarn type. The colors used in the book are dull, but could be changed. The most color in the books was this one. There aren't complex color schemes. I haven't stitched on any of the designs because I'm not chinese, but the books are still very interesting to have in my collection. I had considere using the design on the cover. I like that one the best of the designs she has in her books. They are interesting books.
