Biba . . . "TV chef, author, and teacher of Italian cooking, adds bravado and charm to Northern Italian dishes." Restaurateur

This was an enjoyable and simple read on spaghetti/pasta sauces without getting all crazy on the

gourmet ingredients. Some of the recipes were very simple, but definitely worth reading. I did get it at the low price of ninety-nine cents, which I think was just about right for this title.

I just flipped through this book and I will be making many of the recipes for myself. I am now very hungry for some pasta.

Amazing wonderful recipes....my all around favorite is the oven roasted tomato sauce...beast flavorful and all around recipe....I roast at a higher recipe because I like the charred outside skin.....

Authentic recipes and easy to make. Used two recipes recently for a dinner parties and received great reviews.

Spaghetti SaucesÃ Love this book. First of all, I am a big fan of Biba's. I love going to her restaurant, where I am always treated like an honored guest, and, consequently, cooking the food I have eaten there is always a special treat. I have almost all of Biba's cookbooks, but, had not ordered this one, thinking the sauces were in her other books. We purchased this book for a friend of ours, and she cooked some recipes out of it for us. Boy was I blown away. I came home and ordered one for myself. I highly recommend it.

This is a great little book for people who love pasta and don't want to spend all day making delicious sauces. Most of the recipes are very quick and simple, and the one's I've made are very good. It would be an ideal addition to the cooking library for working people who want to make a quick, tasty meal when they get home.

The recipes in this book are simple, quickly prepared, and delicious! They can also be easily adapted for one. Highly recommended if you enjoy pasta!

I have tried numerous recipes in this book and they are all yummy. You do have to shop to make sure you have the right ingredients but it is worth it!
