# Time Functioning Patterns: Book & CD

## Synopsis

Patterns is one of the most comprehensive drum methods available. Covering a wide range of materials, the books can be used in any order, or in any combination with one another. They are a must for developing the kinds of skills necessary for drumset performance. Time-Functioning Patterns includes materials dealing with rock cymbal ostinatos, jazz independence, and the new linear phrasing concept that Gary developed.

## Book Information

Series: Patterns

Paperback: 52 pages

Publisher: Alfred Music; Pap/Com edition (October 1, 1994)

## Customer Reviews

Chaffee teaches you a system that he has been teaching the absolute best in the business for the past 40 years. Steve Smith, Vinnie C. Jonathan Moffet, JR Robinson just to name a few. A Masterpiece that will make you a better musician!

Chaffee's fat-back sheet alone is worth the price. He has pared "drum-beats" down to 22 fundamental bass-drum slots. Learn these, and you'll be able to play and break-down almost anything you hear drummers playing. The linear ideas in the back are great for time and fills, and will clue you into where so many great drummers are coming from. Chaffee gives you all the tools in simplified, logical form; you put the blocks together and make the music.

Great thank you

Great info in here. Excellent for any drummer.

I now have 4 books by Gary Chaffee he has cutting edge ideas and offers real drum education but you have to "work through it all."

Beginner and intermediate drummers will benefit tremendously from this book.

Great concept but very weak execution in terms of integration of the CD with the written material.

This book is about the most important thing in drumset playing: how to play time. As simple as that. But Chaffee is a real master in teaching and all the material is showed in a unique, logical way. You will find material for practice for years. And all this material is interesting, very useful and you can make music with it as soon as you master it. After studying this book I feel myself much more confident about my time feel. Don't miss it.
