The Rosicrucian Trilogy features modern translations of *Fama Fraternitatis* (1614), *Confessio Fraternitatis* (1615), and *The Chemical Wedding of Christian Rosenkreuz* (1616) with 30 original illustrations by Hans Wildermann. Four hundred years ago, the publication of these 3 anonymous documents launched the Rosicrucian movement. The story of Christian Rosenkreuz and his secretive order, as told in the *Fama Fraternitatis*, had political repercussions that continue to this day, while *The Chemical Wedding* is a landmark in European fantasy fiction. This present book offers the 3 founding documents in reliable, readable, modern English. Fully annotated and with modern introductions, these new translations explain the historical context, shed light on the beginnings of the Rosicrucian Order, and bring this fascinating material to a wider readership.

Joscelyn Godwin is a composer, musicologist and translator, known for his work on ancient music, paganism and music in the occult. He is the author of the first complete English language translation (1999) of one of the first illustrated printed texts, the incunabulum *Hypnerotomachia Poliphili* (1499). He teaches at Colgate University. Christopher McIntosh is a writer and historian specializing in the esoteric traditions of the West. He was for several years on the faculty of the Centre for the Study of Esotericism at Exeter University. He lives in Bremen, Germany. Donate Pahnke McIntosh is a

scholar of religion and, as a lecturer at the University of Bremen, specialized in Gender Studies, Esotericism, and Ritual. She runs the Selene Institute for Ritual in Bremen.

This is a new translation of the three Rosicrucian Manifestos that appeared in Europe in 1614, 1615, and 1616. Godwin is an excellent author of esoteric material with a long history of many fine books. This is an excellent addition to that tradition of his. This should be in any Rosicrucian's personal library, or alchemist's study.

It is a delight to be able to read such a close translation of the original - well so far as being able to amass several versions to try to identify the most true to the original spirit. My previous English copy was a version made over 100 years ago, so it is wonderful to see the results of true scholarship over the past century to bring us the most accurate version of these seminal books in many years. My thanks for the scholarship which went into this.

It is a difficult read, but it tries to keep true to the original documents.

Very well written and enjoyable. I'm a member of the SRICF and wanted to read a modern translation.
