The Red Harlequin Bundle Edition: Books 1-2

Synopsis

Books 1 and 2 of the bestselling YA Fantasy Series that's taking the throne away from vampires and wizards! Over 13,000 copies sold! 800 ratings on Goodreads! 130,000 reads on Wattpad! Get the first TWO books of the bestselling Red Harlequin Series in one bundle at a specially reduced price!

Book 1 Of Masks and Chromes: In a world where everyone wears masks and superstitions abound, the color of your chrome determines who you are and where you will live. And if you will live. Here, Asheva, a 14 year old Chrome of the Black Nation, will see his world crumble underneath him, as events too big for his age will force him to run away from his native city of Axyum. A new journey will take him to lands with different colors and different ways from the Black. From a desperate escape through the hills and forests of the Black Nation to the vast Blue Plains of the city of Ayas, Asheva will learn to face the dangers of the wilderness but also to face the even more dangerous nature of the Chromes, including the worst accusation a Chrome can be charged with. Only then he will realize that beneath the masks that all Chromes wear, nothing is what it seems.

Book 2 Kingdom Of Deceit: In Book Two, Kingdom of Deceit, Asheva must learn to survive on his own and put aside his age-old Black Nation hatred for enemy Red Chromes. As he makes his way to the Red city of Samaris, his convictions about the Red clash with the reality of a land divided in castes. There, the Janis, members of the lowest caste, are left to live in abominable conditions. But turmoil is building, both inside the walls of Samaris and outside, where a violent attack takes the Reds by surprise... and nothing in all of the Territories will ever be the same again. www.theredharlequin.com

Customer Reviews

Not a bad read. Story is interesting. Fantasy setting is unique. Throughout the book, translation issues negatively impact readability. Also needs to be better edited to remove grammatical errors. Stylistically, I wish he didn't use the word "chrome" in every other sentence. It's a solid 3, but it could be a 4 with better editing.

Great fiction fantasy well written. It will hold your interest.

Good paced read, not the best of stories, but told well enough to hold my interest

Short, but a good read.

Did not like this one.

The premise and world building was pretty good. I really liked the idea of it but, I really didn't like the writing. Things happened too quickly. It all seemed really fake, not very well put together. Mr. Ricci, in my opinion used phrases such as us, youngsters or we, friends a little too much. The relationships and 9 year old potty humour used by Asheva and his friend seemed superficial. The two 14 year olds acted not very maturely or am I missing something. It would have been better in 3rd person. As the case in many middle fantasy serieses the premise is good, but the writing isn't

I found this book searching through the store. this book turned out to be very interesting and unique. The way this book was written as if it was being told by Asheva himself using words that we don't normally use on a day to day basis. I like seeing how the character changes his perspective of things after each intense event. By the end of the 2nd book it was amazing to see how much Asheva has changed and matured. This book is a good read.

I spend a lot of time reading the free books on and as a result have occasionally found some interesting gems amongst the drivel. I consider this to be one of those gems. While not a hard read it does touch on subjects that encourage thought and consideration and the unusual presentation of this alternate reality keeps your interest. I will continue to follow this series because I'm curious where it's going.
