Customer Reviews

Vanessa Mooncie spent many happy hours as a child sitting with her mother and grandmother learning to knit and crochet. She went on to study fashion and textile design and became a children's wear designer, illustrator and interior designer. Vanessa now specializes in silkscreen work (www.vanessamooncie.com) and designing crochet jewelry through her company Kissy

Suzuki (www.kissysuzuki.com). She lives with her family in a rural village in the south of England. Vanessa has written many successful books for GMC Publications, including Animal Hats, Crocheted Wild Animals, Sew Adorable, and Sew to Bed and Crocheted Sea Creatures. She is also a regular contributor to other craft books and magazines.

Well, I've made 2 of these hats, the owl and the sheep. Very well written. beautiful designs. fun. Just one thing I'm afraid. the hats, in adult size are just huge ! they are adorable....but HUGE ! I am an experienced crocheter. I just ripped out most of the sheep and I'm going to try the child size. I'm a large woman, 6 foot tall.....big hair....so I'm not sure what happened with the sizing on the instructions ? There is no way that pretty little girl has a head as big as the hats I made !! But I will say, I LOVE these patterns ! I WILL be able to make them fit. Just be aware you may need to make child size for adults, measure as you go. Very happy with this book....lovely pictures and really fun

The hats in this book are so adorable. Everything is made with bulky yarn, which makes them more like winter hats, but with the designs, it's most fitting for winter anyhow. The patterns are easy to follow.

Such a cool book! Awesome collection of hats!

This is the American English version. Product description should be updated to indicate instructions are given using this terminology.

I haven't tried any of the patterns, yet, but I certainly intend to. They are adorable looking and the instructions look like they are well written and clear. The photos are good and show most angles of each hat. No specialty yarns are required, at least none that I could tell, which makes the projects economical as well.

I have made all but two of the patterns at least once. Love it.

Love this book. Highly recommended!

Easy to follow and fun hats to crochet.
