Nora Roberts Sign Of Seven CD Collection: Blood Brothers, The Hollow, The Pagan Stone

Synopsis

Blood Brothers: Every seven years, on the seventh day of the seventh month, strange things happen. It began when three young boys - Caleb, Fox, and Gage - went on a camping trip to the Pagan Stone. This modern-day legend draws reporter and author Quinn Black to Hawkins Hollow with the hope of making the eerie happening the subject of her new book. It is only February, but Caleb Hawkins, descendent of the town founders, has already seen and felt the stirrings of evil. Cal will need the help of his best friends, but surprisingly he must rely on Quinn as well. The Hollow: As the dreaded seventh month looms before them, Caleb, Fox, and Gage can feel the storm brewing. But this year, they are better prepared, joined in their battle by three women who have come to The Hollow. Since that day at The Pagan Stone, town lawyer Fox has been able to see into others' minds, a talent he shares with Layla. He must earn her trust, because their link will help fight the darkness that threatens to engulf the town. The Pagan Stone: Though Gage and Cybil share the gift of seeing the future, that's all they share. But Gage knows that a woman like Cybil - with her brains and strength and devastating beauty - can only bring him luck. Good or bad has yet to be determined - and could mean the difference between absolute destruction or an end to the nightmare for Hawkins Hollow.

Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including The Search, Black Hills, Tribute, High Noon, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

I love this trilogy by her! I love just about anything by Nora Roberts, but this series is right up there with my favorite! I absolutely love it! three boys who were born the same day, within minutes of each other, were the best of friends, like brothers. Even though they are from different backgrounds, and grew up in different environments. On the eve of their tenth birthday, they travel up to the Pagan Stone, and spend the night the ancient magic circle. Right as they turn ten, they perform a blood ritual that would make them blood brothers. However, the act of bonding, of magic, the ritual opened a gate, and two things came out. Light and darkness, and the boys walked out, the innocence of their youth gone, and each carrying a gift and a curse. Each book focuses on one of the brothers, their side of the story, their pasts, their present, and their futures. Going from the oldest, to the middle, to the youngest of the trio. They are joined by three women, who hail from a terrible evil, and a horrible circumstance. Together they work on ridding the world from the demon that plagues the town. This trilogy is a must read if you love Nora Roberts books. They are amazing!

The Sign of Seven Trilogy is easy to read from the book one to book three. It's not the best Nora Roberts I've read but it's not the worst either. If you have ever read trilogies from Roberts, you probably know what will happen in the end of book three, just by reading the book one. This trilogy, however, is different from most of her previous ones. It gives you more than just a typical love story. Yes, it has three men and three women and yes, they all fall in love, but If you're keen to magic and paranormal things it's definitely worth to read.

If I was paid a dime for every time the word BLOOD was used in this series the books would have paid for themselves. Good grief, this is the worst series Ms. Roberts has produced. I have been a big fan for years but really, the story line repeats, repeats, and repeats every chapter. Blood on

walls, blood on floors, blood on animals, blood on person! If you have a blood phobia and have the guts to finish this you will probably need to be on meds or be cured! HaHa

This trilogy is deeply suspenseful. Twists and turns, and complicated characters, all make for a fun read. The dark demon is foreboding and very creepy. The women are strong, and the men need help from them. It is a long drawn out curse that has lasted since the guys were kids. It's about time someone figured out what to do. Nora Roberts is amazing. Enjoy !

I'm a sucker for stories that have romance, friendship and magic. I've read quite my share of Nora Roberts books and though Blood Brothers reminded me of Three Sisters Island, it still stood out on its own. The stories involve three best friends who unleash a demon when they're seven years old and from that time, they have to fight it every seven years for seven days. Now in their thirties, each have to fulfill a mission to stop the Evil but for that they'll need to unite with three women. And it was that, their united group, that won my heart from page 1. For a review on each book, I leave my GR links:-Blood Brothers (book 1):

https://www.goodreads.com/review/show/348744016?book_show_action=false-The Hollow (book 2): https://www.goodreads.com/review/show/348744031?book_show_action=false-The Pagan Stone (book 3): https://www.goodreads.com/review/show/348744061?book_show_action=false

Junk food for the brain. I gobble this stuff up, and the plots are so similar that sometimes I can't tell whether or not I've already read it. I guess I shouldn't complain because I'm the one who keeps buying the stuff.

the books were a nice read typical nora Roberts style if you have never read Roberts but like withcraft do not buy these books because they are more about the power of love and like I said typical nora Roberts style.

Okay, I have to admit prejudice since this is set in my - and Roberts'- home state. I love the seemingly recent trend of lending some mystical (what some might call fantasy) elements to the tale. Always a great story teller, Roberts has kept me firmly in the fan base by expanding her horizons in this direction--a direction I find no less believable the usual small town perfection her protagonists inevitably land in. I thoroughly enjoyed this trilogy, and I was thrilled at the inclusion of some non-mainstream characters like Fox's lesbian sister and her wife. Can reader's look forward to

a short fat Polish Jewish protagonist married in the end to an African-American? Probably not this year, but keep up the good work, Nora!
