Walking Under An Open Heaven

Synopsis

You can live so that heaven invades your life. You can live so that seeing angels and conversing with them is natural for you. You can speak to saints from heaven every day as you go for a walk or even when you are just spending time at home. You can regularly meet Jesus in visions. Going to heaven can be commonplace for you. This book contains the following chapters: Visions of Jesus, Visions of God, A Prophetic Atmosphere, Visions of Angels, Visions of Saints, Accessing Heaven, Portals in my House, Abundant Money Supply, Open Heaven in my House, and Seven Keys to an Open Heaven. With his trademark candor and transparency, let Matthew Robert Payne take you on a brief journey of his life. These short chapters describe just some of his many encounters with Jesus, saints, and angels. Each chapter includes questions for you to consider at the end. By the time you finish reading, you will be yearning for similar adventures of your own. Matthew ends the book with a prayer of impartation to encourage you to walk under an open heaven as he does.

Customer Reviews

Strap in... This will be a wild ride! However, the author lays out revelations into supernatural encounters in a very simple, easily-absorbed manner. He is a very kind brother and passionate about helping others encounter the glory realm as he is. Well-worth the read!!!

I bought and read this book because I was curious about what is under Open Heaven. Matthew zeroes in on Jesus primarily. My fears about what I would find under an Open Heaven were calmed. This book is very down to earth and practical. It is easy to read, understand and apply. I recommend it to everyone who wants a better, more interesting walk with the Lord.

Indeed you show us an example of living by faith. Keep on showcasing the love of Christ and stay blessed.

THANK YOU MATTHEW!

Amazing

This book is wonderfully encouraging that anyone wanting to can walk under an open heaven. It made my spirit soar with delight. I especially like that Matthew is very down to earth and matter of fact in his writing, making it easy to read and believe that engaging with heaven can be a natural, supernatural, part of one's life.

This is a fantastic book by two great story tellers! It's not exceptionally long, which is a good thing because it's very thought provoking. You want to ponder what you've just read, then read it again and then ponder some more. I read the book end to end twice and loved every second of it. I could listen to these stories and truths all day every day! I so hope more will follow just like it. A great job from both authors!

This was absolutely an amazing book..with two different people sharing their own experiences..God really cares loves each of us and desires that we know him intimately. God cares about the smallest to biggest thing and He longs for us to experience heaven in our lives every day and not just some day in the thereafter..
