My 12 year old daughter loved it. A great series to gift to any girl who can appreciate a well thought out fantasy novel. Right up there with the Pegasus series by Kate O'hearn

I thought this series was awesome! I loved it!! There was no description of blood & gore, no profanity, but there is death, though tactfully written. This is a good versus evil book, and good wins though you don't think so at some points.

The whole series is amazing! I read the whole series in a week! It's a must read.

My 9 yo daughter's favorite series of books. She can't get enough of them, and she says this is the best of all.

Omg, it was perfect. Im not going to spoil it, there was some scenes that I knew what was gonna

happen and the book kept me amused unlike all of the other horse books Ive read. Cant wait for the spinoff series next year.-Chloe

I love this book because it touches you with sadness, and when it's happy, overflows you with joy. This is the best book series I've ever read, and absolutely love it! I chose this rating because it is the perfect amount of hope, loyalty, and joy. I am in love with this series! -Skylar wagner

This is my daughter's favorite book series. She was so excited to have it delivered on the release day!

This book was AMAZING!!! If you love horses/Pegasi you will love these books. I was at the library when I stumbled across the first book in the Guardian Herd Series and I was hooked! I couldn't stop reading them, I ended up buy 3 of each book. The author did such a great job of creating characters that are relatable. The story line is awesome as well, I love that in the beginning of the book she tells you the Pegasi names and what they look like she also added a map so you can see where they are through the story. Can't wait for the next one!
