This comic is well-drawn and very sexy. It is mostly black and white, with a few pages in color. It involves the incestuous adventures of a young man and his extremely horny and well-endowed mother. Aside from the obvious fetish activity (incest and lactation), this is pretty mainstream fare. There isn't any bondage, urination, or tentacles. My biggest frustrations were the small format and the fact that it reads right to left, but this is usually the case with Manga. On the whole, this is one of the better sex comics I've seen. Highly recommended!

It's got a new formula compared to the average hentai manga, this manga is willing to take a challenge by crossing the line as well as give some comedy. Manga is willing to go places that the average american comic doesn't dare go.

This Hentai Manga is one of the first I've ever bought. Never really thought about buying one before after buying and watching Anime Hentai's. I'm glad I bought this one though. The artwork and detail

is amazing. It's completely uncensored which I enjoy. The stories are nicely done and I enjoyed this Hentai Manga very much. I might have to buy some more and see what others have to offer.

Great art by the same artist of Council of Carnality. if your into that art you'll be into this book, which is all about big beautiful boobs and all their leaking, squirting delicious milk. Starts out with a three part incest story, hence its title, then diverges, never straying from the theme of erotic lactation. If this sort of thing does it for you, then by all means make the purchase, you won't be disappointed.

Great hentai manga!

Awesome artwork one of my favorite artists in the genre.

thank you

Very unique in character art.
