Customer Reviews

This book took me away to a wonderful place in my mind and gave me the wonderful feeling that you only get on a lovely spring day when spirits rise to greet the day. The books title says it all. If winter dull-drums are getting you down, then this is the book to read.

Pat Welsh has skillfully blended memoir and gardening advice, making for extremely interesting and helpful reading. I read it first in 1996 (when it first hit the book stores) and am now enjoying it for the second time.
