Punished By The Lords

Synopsis

Festivals are the perfect place to make a few coins by lifting a purse or two. When cocky, yet inexperienced Beatrix spies Lord Gregory and his visiting friends, she can't resist the temptation. Just one of those fat purses would make her life much easier. Luck is not on her side though and she's caught. Once the lords find out that she's not the boy she's pretending to be, they decide not to hand her over to the guard. Instead, they plan to take her punishment into their own hands and ensure that she offers compensation to all of them--in the form of her tight and nubile body. Enjoy this short story about one plucky yet inexperienced thief, five lusty lords, some domestic discipline and submission, ménage, oral and anal play as well as multiple penetrations in a secluded yet public setting.
