Text: English, Latin (translation) --This text refers to an out of print or unavailable edition of this title.

Einhard was born of noble parents in the Main valley around A.D. 770. He became a friend of Charlemagne and his family, and was chosen to invite Charlemagne to crown his son as his successor in 813. After Charlemagne's death he was a loyal servant of Louis the Pious, and he died in 840.Notker the Stammerer (A.D. 840-912), also called Notker I, Notker the Poet or Notker of Saint Gall, was a musician, author, poet, and Benedictine monk at the Abbey of Saint Gall in

modern Switzerland.

A "must" for the study of the Middle Ages. A primary source of significance. Style of writing, who the authors of the two biographies were, two views of this larger than life character.

Two highly useful and informative biographies of Charlemagne and his contributions to Western Civilization

Tough read, would not recommend to everyone.

This was an assignment and better than a general history Middle Ages. My instructor was a good one to have assigned it.

Very interesting. Loved it

This is actually two small books by two different authors and of course they were translated into English. Very interesting though. A good view on Emperor and King Charlemagne.

This edition has been carefully reviewed and edited to make it readable and relevant to the study of this time period in history.

GREAT PRIMARY SOURCE BOOK FOR THE MEDIEVAL AGE!
