I Am So Brave! (Empowerment Series)

Synopsis

This fourth book in the empowerment series celebrates the feats of growing out of toddlerhood with courage and success. Whether it's petting a dog or waving good-bye to a parent, Krensky and Gillingham address the "small wins" of growing just a little bit braver. Young children and their parents will revel in the encouraging text and the vintage screen-print-style illustrations. Praise for *I Am So Brave* **STARRED REVIEWS** "Gillingham's distinctive graphics, with their weathered retro aesthetic, and consistent positive reinforcement throughout make this outing another winner." --Publishers Weekly, starred review "A comforting celebration of everyday courage with lots of charm to boot." --Kirkus Reviews, starred review "Cheery and empowering, this simple story should resonate with tots everywhere." --Booklist **Award: NAPPA Honors Winner**

Customer Reviews

PreS "In this appealing selection, a sweet, engaging narrator shares some of his experiences overcoming his initial trepidation and trying new things. Gillingham's bold, graphic-style art is expressive and exuberant and perfectly complements the empowering text to help toddlers as they begin to grow and explore their worlds.

Stephen Krensky has published more than 100 fiction and nonfiction books for children. He lives with his wife in Lexington, Massachusetts. They have two grown sons. Sara Gillingham is an award-winning art director, designer, and artist who has published more than 15 books for young children. She lives with her family in British Columbia.

I bought all the books in the Empowerment Series by Stephen Krensky for my son when he was about 8 months old. I love these books; they are upbeat and positive without being patronizing. I like that they show kids of both genders and of different ethnicities being parented by moms AND dads but they don't call attention to any of that, it's just there in the pictures. Sweet, simple text and colorful well-designed illustrations. Wonderful books for babies and young children!

I'm a huge fan of these simple to read books for my toddler. I wish I had come across it earlier since the text is simple/short enough for the attention span of a toddler. The art is gorgeous, reminiscent of vintage art! The illustrations are graphic shapes so very easy for a first read and very clear to make out the simple story. My daughter is always picking these books for me to read to her and she's about 22 months now. The concept/premise of the books are also positive and pertain to a growing toddlers life. :)

My one year old son LOVES this book! The pictures are great. He points to the dogs and to the ball. And it's great to have a book that features a little boy who looks like him!!

Great illustrations. Love this story for toddlers. Makes a lovely gift.

Great book to help my little guy conquer some fears!

Excellent book for self esteem; beautiful illustrations

I absolutely adore this series "The Skills of Helping Individuals, Families, Groups, and Communities" the illustration is terrific and the message is strong, but accessible for young children.

My 16 month old daughter loved these books. They are sturdy, colorful, and a perfect size.
